**Subject: Notice of Completion of Off-Site Waste Shipments for the Fourth Quarter of Fiscal Year 2018 for Los Alamos National Laboratory as Required by the Federal Facility Compliance Order Site Treatment Plan, Compliance Plan, Activity 4.0**

Dear Ms. Briley:

This letter notifies the New Mexico Environment Department of any off-site waste shipments completed during the fourth quarter of fiscal year 2018 for Los Alamos National Laboratory (LANL), as set forth in the Federal Facility Compliance Order (FFCO) Site Treatment Plan (STP), Compliance Plan, Activity 4.0, regarding the shipment of mixed transuranic (MTRU) waste.

During the fourth quarter of fiscal year 2018, all shipment completion was under the authority of the U.S. Department of Energy (DOE) Environmental Management Los Alamos Field Office (EM-LA); the DOE National Nuclear Security Administration Los Alamos Field Office (NA-LA); Newport News Nuclear BWXT – Los Alamos, LLC (N3B); and Los Alamos National Security, LLC (LANS; the former managing and operating contractor for LANL).

Because Triad National Security, LLC (Triad) became the managing and operating contractor for LANL on November 1, 2018, this letter is signed by Triad instead of LANS.

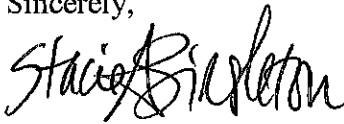

During the fourth quarter of fiscal year 2018 (July 1, 2018, through September 30, 2018), **no** MTRU waste was shipped from LANL facilities by DOE EM-LA/N3B or DOE NA-LA/LANS to either the Waste Isolation Pilot Plant in Carlsbad, New Mexico, or Waste Control Specialists, LLC, in Andrews, Texas.

In accordance with the requirements of Section XX of the FFCO, "Documents, Information, and Reporting Requirements," we, the Project Managers responsible for overseeing the implementation of the STP for LANL, certify that, to the best of our knowledge, the information in this document is true, accurate, and complete.

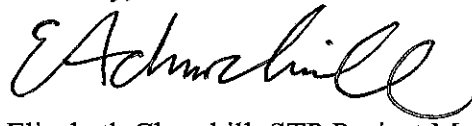

If you have any questions, please contact Stacie Singleton at 505-695-4257 (stacie.singleton@em-la.doe.gov) or Elizabeth Churchill at 505-667-0999 (elizabeth.churchill@em.doe.gov).

Sincerely,

Stacie Singleton, STP Project Manager  
Regulatory & Stakeholder Interface Program  
N3B

Sincerely,

Elizabeth Churchill, STP Project Manager  
Los Alamos Field Office
